Mrs. Ed Crenshaw and Mrs. Dora Gosser visited in Hays Wednesday.  
Mary Blender bought a new range. Wonder if she will invite the neighbors to a feast?  
Everybody spent a day or so in Hays attending the fair. Buckeye always does its part.

The boys and girls who are attending H. H. S. and F. H. N. spent Saturday and Sunday at home.  
Andrew Maaka took an auto load of friends to the Russell fair Thursday afternoon.

Iowa Thomas of Pickrel Neb., returned to Buckeye to make her future home. Who's the lucky guy?

Mrs. Mick has been on the sick list.

Mr. James Peterson and family spent Sunday on the Madden ranch visiting Mrs. Christofferson.

Mr. and Mrs. Eaton and children spent Sunday at D. Gosser's.

Mr. E. E. Balls and family spent Sunday at Vines attending the wedding anniversary of Mr. and Mrs. Vine.

Miss Lulu Gosser spent Sunday at Vines on the Saline.

It seems that the Buckeye boys are just as well pleased taking married women as they are girls now days.

Buzz Payne and Jessie Gosser spent Sunday afternoon at Herman Pratts on the river.

The Gosser Brothers have out 1200 acres of wheat. They have largest farms in Buckeye.

Explains Distribution of Animals.  
According to a German scientist, animals have been distributed over the world by the oscillation of its axis, which has changed the climate of various lands.

Where Rain Never Has Fallen.  
The driest place in the world is that portion of Egypt between the two lower falls of the Nile. Rain has never been known to fall there.

Pretty Legend of the Red Rose.  
The Greeks held that the red rose derived its color from the blood of Venus when she trod on a thorn of the white rose while going to the assistance of the dying Adonis.

Mexican Rainfall.  
The low rainfall of the extreme north of Mexico of two to three inches on the border of Arizona, and the excessive fall, reaching 156 inches, on the Isthmus of Tehuantepec, with the high rate for Monterey and the moderate fall for the capital, show how remarkable are the hygrometric conditions due to topography. The maximum rainfall is only exceeded in very few regions of the globe.

Import Half a Million Birds.  
About 500,000 live birds are imported to the United States every year, including about 1,500 species, of which canaries, parrots and game birds are the most numerous. No birds can be imported without a permit from the department of agriculture, which issues about \$50 a year.
